## INTELLIGENCE BRIEFING: OPERATION YELLOW CAKE

Springfield Field Office - Sector 7G

Date: November 15, 2024

### EXECUTIVE SUMMARY

This briefing summarizes ongoing surveillance of suspected criminal enterprise operating out of MOE'S TAVERN, located at 123 Walnut Street, Springfield. Primary subject HOMER J. SIMPSON has been observed meeting with known associates at this location. Intelligence suggests possible connections to the SPRINGFIELD MAFIA under leadership of FAT TONY (real name: Anthony D'Amico).

### KEY PERSONNEL DOSSIERS

CODENAME	REAL NAME	ROLE	THREAT LEVEL
DONUT LORD	Homer J. Simpson	Nuclear Safety Inspector / Asset	LOW
BLUE BEEHIVE	Marjorie Simpson	Homemaker / Possible Handler	UNKNOWN
BARTMAN	Bartholomew Simpson	Juvenile / Information Source	MODERATE
SAXOPHONE	Lisa Simpson	Student / Potential Analyst Recruit	LOW
PACIFIER	Margaret Simpson	Infant / No Current Threat	NEGLIGIBLE

### LOCATIONS OF INTEREST

**SPRINGFIELD NUCLEAR POWER PLANT:** Owned by C. MONTGOMERY BURNS, this facility presents significant infrastructure vulnerability. Subject SIMPSON holds security clearance despite 342 documented safety violations. Recommend continued monitoring of Sector 7G control room.

**MOE'S TAVERN:** Front business suspected of money laundering operations. Proprietor MOE SZYSLAK has known connections to illegal wildlife trade (panda trafficking, 1998) and unlicensed pharmaceutical distribution. Surveillance ongoing.

**KWIK-E-MART:** Operated by APU NAHASAPEEMAPETILON. Location serves as dead drop for classified documents. The phrase 'Thank you, come again' has been identified as potential code phrase. Further linguistic analysis required.

### RECENT INTELLIGENCE EVENTS

OCT 3, 2024: Subject SIMPSON observed consuming 24 donuts at LARD LAD establishment. Possible coded communication via donut selection pattern. Analysis inconclusive.

OCT 15, 2024: BARTMAN intercepted making prank calls to MOE'S TAVERN requesting 'Amanda Hugginkiss' and 'I.P. Freely'. Suspected use of phonetic cipher. Cryptanalysis team assigned.

NOV 1, 2024: Asset SAXOPHONE submitted unsolicited report on municipal corruption to field office. Report was 47 pages with full citations. Recommend recruitment to analyst program upon graduation.

## **THREAT ASSESSMENT**

Current threat level for Springfield sector: ELEVATED (Yellow). Primary concerns include: (1) Nuclear facility security gaps exploitable by foreign actors, (2) Organized crime infiltration of local government via Mayor QUIMBY, (3) Unregulated scientific experimentation by Professor FRINK, and (4) Potential radicalization of local clown population (KRUSTY network).

## **RECOMMENDATIONS**

1. Maintain surveillance on MOE'S TAVERN with particular attention to Happy Hour activities.
2. Increase security assessment frequency at Springfield Nuclear Power Plant.
3. Develop SAXOPHONE as long-term analytical asset.
4. Continue investigation into BURNS family financial holdings and political influence.
